New colleague Roxy Thijs is joining Hubel Marine team

With great pleasure we like to introduce our new colleague Roxy Thijs- Krijgsman.

Roxy started already since February on the seafarer department. During that period she has been trained by her colleagues and has learned a lot from the daily practice of all the rules and STCW regulations in relation to the review of applications for Flag endorsements. We know she will be a valuable asset to our company and can't wait to see what she will achieve.

Recently the entire Hubel Marine team went out for a night out and to welcome their new colleague !

With best regards,

HUBEL MARINE B.V.

Erik A. de Koning
Managing Director
